

WEB PROGRAMMING

LAB TASK – : 16

NAME:- ARYAN SINGH SIKARWAR

REG NO:- 24BCE0403

TASK:- Create a “Product Catalog” web page that uses an HTML table to display at least four products, each with:

- A product image inside a table cell using the `<img>` tag.
- Columns for Product Name, Price, and a short Description.
- CSS to add borders, padding, alternate row colors, and a hover effect that slightly changes the background color of the row when the mouse moves over it.

This product catalog displays a list of items using an HTML table. Each product includes an image, name, price, and a short description. CSS is used to make the table clean and user-friendly with borders, spacing, alternate row colors, and a hover highlight effect.

Product Image	Product Name	Price	Description
	Wireless Headphones	₹2,499	Comfortable over-ear headphones with clear sound and long battery life.
	Smart Watch	₹3,999	Stylish smartwatch with fitness tracking and notification support.
	Bluetooth Speaker	₹1,799	Portable speaker with powerful sound and deep bass.
	Wireless Mouse	₹699	Ergonomic wireless mouse suitable for everyday use.
