

WEB PROGRAMMING

LAB TASK – : 17

NAME:- ARYAN SINGH SIKARWAR

REG NO:- 24BCE0403

TASK:- Design a simple dashboard page where:

- The top navigation bar is built using a table row containing links (Home, Reports, Settings, Logout).
- A vertical sidebar navigation on the left is created using a list inside a `<div>` (Overview, Sales, Users, Support).
- Use CSS to style both navigations differently (background colors, padding, and hover effects), clearly showing the role of `<div>`, tables, and lists in layout.
