

WEB PROGRAMMING

LAB TASK – : 21

NAME:- ARYAN SINGH SIKARWAR

REG NO:- 24BCE0403

TASK:- Design a **course details** web page for a college using HTML and an external CSS file. The page should display course title, code, description, duration, eligibility, syllabus (as a list of modules), and fee structure.

***Use the external CSS to style** the layout with a fixed-width centered container, different background colors for header and footer, styled tables or cards for syllabus and fees, and hover effects for navigation links.

The screenshot shows a web browser window with the following details:

- Browser:** Chrome
- Page Title:** Course Details | ABC College
- URL:** 127.0.0.1:5500/html/24BCE0403(ARYAN%20SINGH).html
- Page Content:**
 - Bachelor of Computer Science Engineering**
Course Code: BCS101
 - Course Description:**

The Bachelor of Computer Science program is designed to provide students with a strong foundation in computing principles, programming languages, software development, and emerging technologies.
 - Course Details:**
