

WEB PROGRAMMING

LAB TASK – : 15

NAME:- ARYAN SINGH SIKARWAR

REG NO:- 24BCE0403

TASK:- Create a “Student Profiles” web page that displays student details in a table with images using HTML and CSS.

- The table should have columns: Photo, Name, Roll No, Department, and Email.
- Insert a small profile photo for each student inside the “Photo” column using the `<img>` tag.
- Use CSS to add borders, padding, zebra-stripping for rows, and hover effect to highlight a row when the mouse moves over it

Below is a simple student profile list displayed using an HTML table. Each row represents a student along with their basic details and profile photo. CSS is used to improve readability with borders, spacing, alternating row colors, and a hover effect for better user interaction.

Photo	Name	Roll No	Department	Email
	Aman Kumar	CS101	Computer Science	aman.kumar@example.com
	Neha Sharma	CS102	Information Technology	neha.sharma@example.com
	Rohit Verma	CS103	Electronics	rohit.verma@example.com
	Priya Singh	CS104	Mechanical	priya.singh@example.com
