

Lab Assessment – Project 1

Course Name/Code: Web Programming / BCSE203E

Faculty: Dr.V.Arulkumar (18875)

Submission due date: 10-April-2026

Question 1:

Create a fully functional, professional website using HTML, Bootstrap CSS for responsive design, and JavaScript for interactive features. Integrate all the Moodle tasks you've completed so far into a cohesive 3-page website site with smooth navigation via a dropdown menu. Host the website in GitHub and submit the link too.

You can submit the pdf file containing coding screenshot

****Upload the PDF file in VTOP on or before the due date***
